

10 January, 2008

Unto the populace of Atlantia, greetings from Alisoun MacCoul of Elphane, Golden Dolphin Herald!

The Laurel Office has notified us of the results of its considerations at the meetings in September, 2007.

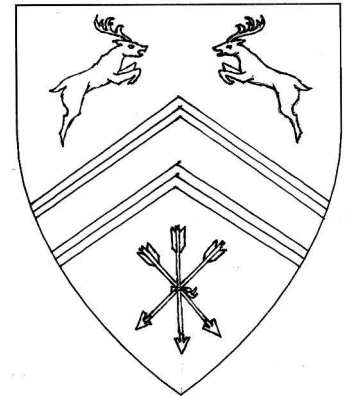

These results were conveyed in a communication received in Atlantia on 3 January, 2008.

## ACCEPTANCES

The following items were REGISTERED by the Laurel Office:

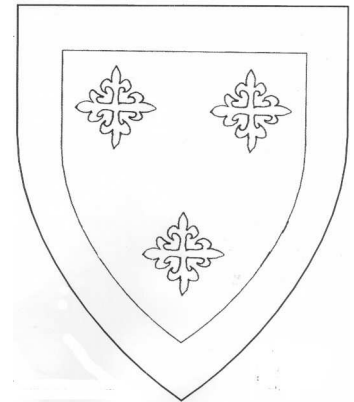

**Albrecht von Reith.** Name (see RETURNS for device).

**Alric Blackhart.** Name and device. Argent, a chevron cotised vert between two stags salient respectant and a sheaf of arrows sable.

**Anne le Settere.** Change of device. Gules, three crosses flory and a bordure Or.

**Atlantia, Kingdom of.** Transfer of title of Longeley Herald to Gwenllian ferch Maredudd.

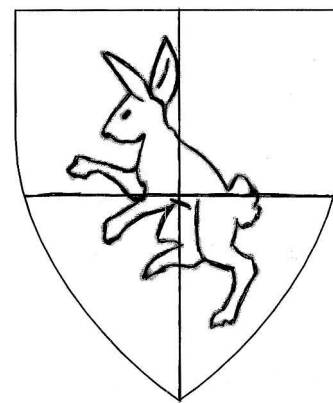

**Atlantia, Kingdom of.** Order name and badge for the Award of the Quintain. (Fieldless) A seahorse sustaining a tilting lance palewise argent.

**Bors Mac Gregour of Loch Turretan.** Name.

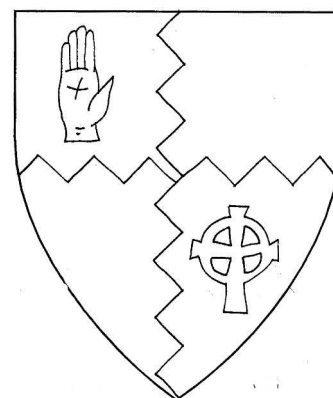

**Brian de Morray.** Name and device. Quarterly sable and argent, a coney rampant counterchanged.

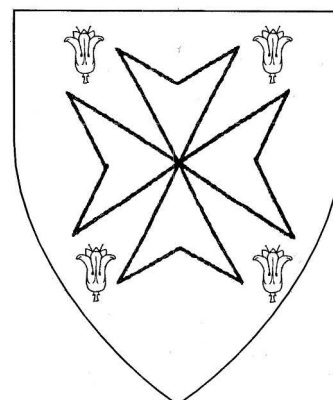

**Cyriac Grymsdale.** Alternate persona name for Decimus Aurelius Quietus.

**Dragos Cazacul.** Name.

**Éamonn mac Domhnaill.** Device. Quarterly indented Or and vert, a hand and a Celtic cross vert.

**Flora de Bayeaux.** Name and device. Argent, a Maltese cross sable between four lilies vert.

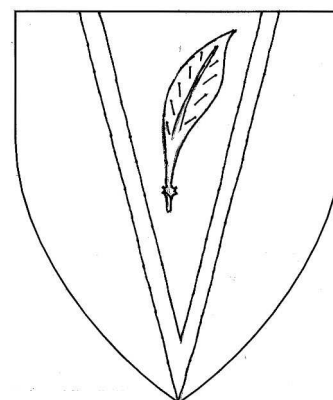

**Gabrell Fairecloughe.** Name.

**Graham filius Johanna.** Name. The Laurel Office modified the submitted Graham Johannason because they felt that the form of the name Johanna only appeared in Latin and therefore was not appropriate for use with the English patronymic suffix *-son*. The last element appeared on the September Letter of Acceptances and Returns as *Johanne*, but a query to the Laurel Office indicated that that was a typographical error and the form was meant to be the more usual Latin genitive form *Johannae*.

**Grettir Tindsson.** Name.

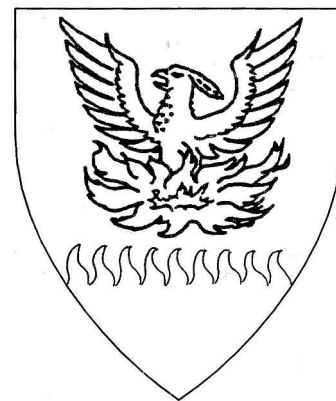

**Gwenllian ferch Maredudd.** Acceptance of transfer of title of Longeley Herald from the Kingdom of Atlantia.

**Gwerfyl verch Aneirin.** Name and device. Purpure, on a pile azure, fimbriated, a feather argent.

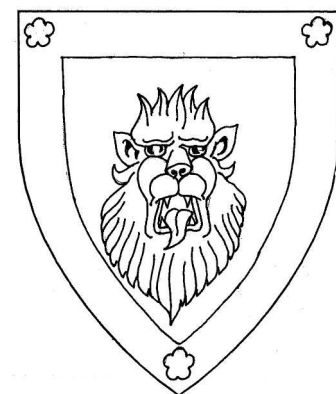

**Jean Claude de Lyon.** Name.

**Kaðlín in óarga.** Device. Or, a phoenix and a base rayonny gules.

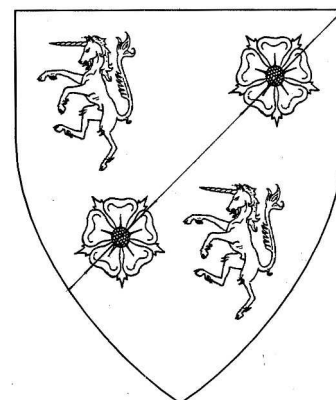

**Kalisa Aleksandrovna.** Name and device. Purpure, a lion's head cabossed and on a bordure argent, three cinquefoils sable.

**Lukas Brierley.** Name.

**Magdalen Woderose.** Name and device. Per bend sinister purpure and argent, in bend two unicorns rampant and in bend sinister two roses all counterchanged.

**Milicent Shiveley.** Name.

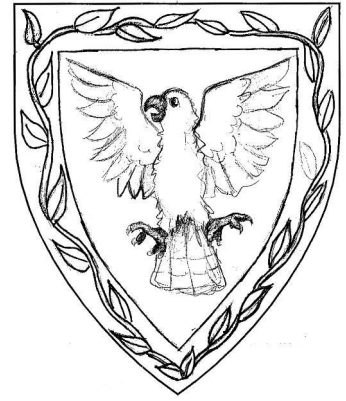

**Saint Georges, Canton of.** Change of device. Argent, a stag's head erased gules within a laurel wreath vert, in base three barrulets wavy azure.

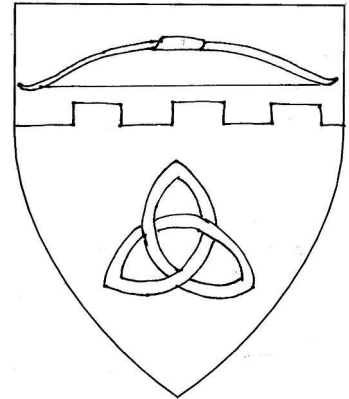

**Sophia van der Werken.** Name.

**Talorgen nepos Wrguist.** Name. The Laurel Office modified the name from the submitted Talorgen nei Wrguist, saying “we believe the Old Welsh form is introduced to support the reconstructed Brythonic form, rather than as a element compatible with Pictish names. Further, the Brythonic form is compatible with the Classical name forms, not the later names (neither the given name nor the byname here are noted as Classical names in this article). The article notes the occurrence of the equivalent Latin term *nepos*; we have changed the name to *Talorgen nepos* Wrguist in order to register it.”

**Tangwystel vyrgh Gwethenek.** Device. Argent, a popinjay displayed and on a bordure vert an orle of vine argent.

**Tor Olafsson.** Device. Azure, a triquetra and on a chief embattled argent a longbow azure.

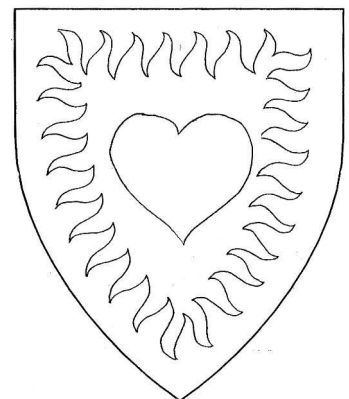

## RETURNS

The following items were RETURNED by the Laurel Office:

**Albrecht von Reith.** Device. Per pale vert and sable, a two-headed two-tailed griffin sejant affronty Or. The Laurel Office returned this device for conflict with Giles of Griffin Hill (“Per chevron gules and vert, a griffin sejant erect displayed affrontée coward Or.”)

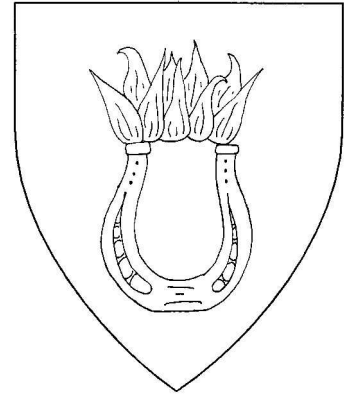

**Bertran de Saint-Jean.** Device. Or, a heart gules within a bordure rayonny azure. The Laurel Office returned this for conflict with the badge of the Shire of Coeur du Val (“Or, a heart gules and a chief wavy azure.”)

**Garwen verch Hywel.** Name. The Laurel Office returned this name, ruling “The name *Garwen* is not registerable as part of a Welsh name because we have no evidence that Arthurian names were adopted in Welsh culture.” (The name had been documented through a period Welsh literary reference to Garwen as the name of one of King Arthur’s mistresses.)

**Lasairfhiona inghean Gearailt Maigh Laithimh.** Device. Azure, a horseshoe inverted argent with flames issuant to chief from the tips Or. The Laurel Office returned this for conflict with a badge for the Barony of Stromgard (“(Fieldless) A horseshoe inverted argent.”), ruling that the flames were not in fact co-primary but equivalent to a maintained charge and therefore worth no difference.

**Rakel Kyrre.** Device. Lozengy argent and azure, on a pile Or a dragon dormant contourny azure, winged gules. The Laurel Office returned this because they felt that the position of the head and the relatively small wings made the dragon too unidentifiable for registration, specifically suggesting that the head of the monster be drawn straight out from its body rather than folded back over its forelegs.

Your servant,

**Alisoun**
