Consulting Herald: Alisoun MacCoul of Elphane, Metron Ariston

## RETURNS

### **Aurellia Silvana -New Device**

*Sable, on a stag's head affronty, winged and erased argent a rose azure leaved vert, seeded Or and a bordure argent goutty de sang*

Unfortunately, this must be returned for redraw because the rose is not identifiable. Commenters had difficult time, identifying the rose and according to SENA A.2.C.2 "Elements must be drawn to be identifiable. While some allowance will be made for lack of artistic skill, the identity of elements must not be ambiguous." It was suggested in commentary, the if the rose was drawn a little bit larger it would be easier to identify.

Consulting Herald: Eoin mac Eldeard

**Godfrey York -New Name & New Device**  
*Chevronny azure and Or*

This device must be returned for conflict with the following device registered to Rebecca Silver “*Chevronelly azure and argent*” There is one DC for changing argent to Or and because the devices shares a color, the change of one color is not enough for a substantial difference.

**Magnus Chernimirov -New Badge**  
(Fieldless) A dragon's head cabossed argent

This device must be returned for conflict with Muirenn ingen Marcáin, “*Per pale sable and azure, a dragon's head cabossed argent*.” There is only 1 dc for changes to the field. We need 2 dcs versus any registered armory to register new armory. Upon resubmission, please use a little less internal detailing, the internal detail make the dragon’s head hard to identify.
