Returns

1: Fíne illfjúka -New Name & New Device

Per bend sinister gules and sable, a sunburst inverted Or clouded and on a chief argent three crescents gules.

This name must be returned for insufficient documentation. All examples given for the prefix ill- in Norse bynames were as adjectives (evil-counselor, evil-thinker, evil-boder) describing a person. As a snowstorm does not fit the category of a person, we feel that further documentation would be needed to establish the pattern desired.

The device must also be returned at this time, as it cannot be sent up without a name.

2: Grimoald dello Falco -New Name & New Device

Quarterly sable and argent, two scythes bendwise sinister reversed argent.

This name must be returned for insufficient documentation. The byname submitted relies solely on the prior registrations of the submitter's parents with no further documentation provided, but no Letter of Attestation was included with the submission.

The device must also be returned at this time, as it cannot be sent up without a name.
